The University of Akron's Institute for Teaching and Learning's mission is to support faculty by focusing on improving teaching and enhancing student learning. We offer workshops, information sessions, and training related to professional development, general education, student learning assessment, course design and development, and implementation of technology to enhance teaching.

Goals for 2019-2020

In the upcoming year, we are continuing our High Impact Teaching series as well as workshops on General Education and program assessment. Our second cohort of the New Faculty Learning Community has 28 participants, each of whom are paired with an experienced faculty mentor. In the spring, we will roll out a new initiative called UA Faculty Reads, which will bring faculty together for informal discussions of a book related to teaching and learning.

Calendar of Events

Date	Event
