Placement Testing
Quick Reference Guide

Where can I take the test?

If you have access to MyAkron, you can take the Placement Test from there:

Start by going to **MyAkron**, then click on the top left tab labeled **My Experience**.

If you scroll down, you'll find the option for Placement Tests on the left side, located near the icons for **RooConnect** and **UANet Services.**

If you do not have access to MyAkron, the Placement Test can be accessed from the link below. WebCape: www.uakron.edu/webcape

How long will the test take?

There will be a series of short questions before the test and the test should roughly take 10 – 20 minutes to complete.

The Placement Test should be attempted in one session, if you minimize the browser or leave the test idle, it may cause the score to not tabulate correctly.

How many times can I take the test?

Placement Tests can be taken only once.

Retests are granted under certain circumstances and can only be done one time by the Department of Modern Languages.

Once I have my score, what do I do?

Please use the score thresholds on the next page and talk to your Advisor to discern which course section is best suited for you. We also have listed specific members of our faculty who are ready to assist should you have any questions!

*We do offer a Chinese Placement Test through Emmersion/WebCape however, it is in the process of being linked to our MyAkron interface. Should you wish to take the online exam, you will need to contact Theresa Procopio (tmp77@uakron.edu) to be sent a link. Otherwise, please feel free to use the thresholds found on the previous page.
