*SAMUEL BIRDSALL.....	P

These scholarships are appropriated according to the wishes of the donors. They are intended to aid only worthy students.

*Deceased.

GENERAL INFORMATION.

BUCHTEL COLLEGE was founded by the Ohio Universalist Convention in 1870, and took its name from its most generous benefactor, Hon. J. R. Buchtel, who has consecrated his life and wealth to its support. It was chartered by the Ohio Legislature in the same year as a College of Liberal Arts and Letters, and is designed to secure the highest grade of Classical, Scientific and Literary culture known to American Colleges.

LOCATION.

Buchtel College is located in Akron, Summit County, Ohio. This city, with a population of about 20,000, is situated in the midst of hills and valleys, and is one of the most picturesque in the country. From the first, Akron has evinced its interest in the College by bestowing a generous patronage. It is a healthy city, and easy of access, being located on the line of the New York, Pennsylvania & Ohio; Cleveland, Mt. Vernon and Columbus, and Valley Railways, and having direct connection with all parts of the country.

COLLEGIATE DEPARTMENT.

The curriculum embraces:

FIRST: A Classical Course.

SECOND: A Scientific Course.

THIRD: A Philosophical Course.

These are four years' courses and are equal to those adopted by the best institutions of the country.

PREPARATORY DEPARTMENT.

In connection with the College proper, the Trustees have established a Preparatory School, in which students are thoroughly fitted for the college classes.

NORMAL WORK.

Students designing to teach will receive special attention in the **THEORY AND PRACTICE OF TEACHING**, from thorough and experienced teachers.

MUSIC.

Superior advantages are afforded for the study of Music, both instrumental and vocal. Special attention is given to **VOICE BUILDING**.

LABORATORY AND APPARATUS.

The College is provided with excellent Philosophical and Chemical Apparatus of the most approved kind. It has a Laboratory open to students, well furnished with appliances for making chemical experiments and analyses.

CABINET OF NATURAL HISTORY.

The collection of minerals and specimens illustrating geological formations and fossils, is very full. All orders of living animals are represented by prepared specimens. All collections are intended for use in comparative study, and not for exhibition.

LECTURES.

The instruction of the College aims to combine the advantages of the lecture and recitation systems. Lectures are delivered to the

FRESHMAN CLASS.—On Health and Habits of Study.

SOPHOMORE CLASS.—On English and Classical Literature.

JUNIOR CLASS.—On Physical Science.

SENIOR CLASS.—On Natural and Revealed Religion.

NORMAL CLASS.—On Education and Methods of Teaching.

Lectures on Physiology and Health will be delivered from time to time by prominent physicians of the city.

Additional Lectures are delivered before the College students, on topics of general interest, by persons invited from abroad.

During the past year the following lectures have been delivered by the following gentlemen, residents of Akron :

Rev. Richard Eddy, Pastor of the First Universalist Church :
"The Mission of Nations."

Dr. N. S. Burton, Pastor of the Baptist Church : "The Successful Scholar."

Rev. T. E. Monroe, Pastor of the Congregational Church :
"The end of Education."

Judge C. Bryan, of the Akron Bar : "Socrates."

C. R. Grant, Esq., of the Akron Bar : "The Monroe Doctrine and the Panama Canal."

Gen. A. C. Voris, of the Akron Bar : "An Address to Young Men."

Rev. W. W. Case, Pastor of the First M. E. Church : "Lessons from the Life of an English Poet."

CO-EDUCATION.

The College is open to students of both sexes, who are admitted to equal privileges and honors.

The results achieved in Buchtel College testify to the ability of young ladies to compete successfully with young gentlemen for the honors of thorough scholarship.

RELIGION.

While the College is under the auspices of a religious denomination, no restriction is imposed upon the exercise of religious opinions.

Students are required to attend whatever church their parents or guardians may elect. Nearly all denominations, both Protestant and Catholic are represented in Akron by flourishing churches. While the College aims to be religious, it is, in its internal economy, in no sense sectarian.

Religious opinions are respected but not taught.

All students are required to attend morning prayers and the reading of the Scriptures in the chapel.

LITERARY WORK.

COLLEGE RHETORICALS.—The students are organized into classes for exercises in orations, essays and debate. These classes are under the direction of the Professor of Rhetoric and English Literature. Each student is required to prepare and deliver original performances at stated times, during the college year. During the Commencement week public exhibitions will be given by the members of the Senior Class of the Preparatory Department.

LITERARY SOCIETIES.—There are three literary societies in the College under the direction and control of the students, and a most commendable interest is maintained in the literary work. The Bryant Society is composed of gentlemen students in regular college classes, and was established in 1873. The Carey Society which is conducted by the young ladies, was established in 1872.

The Everett Society which is composed of gentlemen students of the Preparatory Department, was organized in 1881.

Each society is provided with an elegant and commodious hall in the College, and meetings are held by each every week, on Friday evening.

RECORD OF STUDENTS.

Examinations are held for admission, on the completion of a study and for advancement.

No student, who has absented himself from an examination, will be permitted to continue in his class without making satisfactory arrangements with the Professor in charge.

A record of each student's standing in recitation and examinations and of all absences and irregularities is kept, which may be examined by committees, trustees, parents and friends of the College.

Monthly reports of the grade of all students not making over 70, are sent to parents and guardians.

DEGREES.

The Degree of Bachelor of Arts will be conferred on students who have completed the Classical Course.

The Degree of Bachelor of Philosophy will be conferred on those who have completed the Philosophical Course.

The Degree of Bachelor of Science will be conferred on those who have completed the Scientific Course.

Bachelors of Arts, Bachelors of Philosophy and Bachelors of Science. Graduates of this College, who shall show special proficiency in literary and scientific studies, and present a satisfactory thesis or oration to the Faculty, will be, at a date not earlier than three years after graduation, recommended for the Master's Degree in their respective courses.

Candidates for the Master's Degree must present to the President a formal application, together with an oration or thesis, and a fee of five dollars, at least one month before the Annual Commencement.

BOARDING ACCOMMODATIONS.

The College building affords ample accommodations for boarding one hundred and fifty students. There are eighty rooms in the building that can be used for students' purposes. The rooms are heated by steam and lighted by gas. The East Hall, above the first floor, is devoted exclusively to the young gentlemen, while the West Hall is occupied exclusively by young ladies. The Dining Hall will accommodate two hundred students.

It is desired that young ladies especially, shall board and room in the college building. They are more "at home" in the building, and besides they are more thoroughly protected from inclement days in winter and spring.

COLLEGIATE DEPARTMENT.

FACULTY AND OFFICERS.

REV. ORELLO CONE, D. D.,

PRESIDENT,

Messenger-Professor of Mental and Moral Philosophy.

ELIAS FRAUNFELTER, A. M., PH. D.,

Buchtel-Professor of Rhetoric and English Literature.

BENJAMIN T. JONES, A. M.,

SECRETARY.

COLLEGIATE COURSES.

THREE COURSES OF STUDY.

To afford an extensive field for the choice of studies, three regular courses, each of four years, are provided, with three years of preparatory work. These are :

I. The Classical Course with the Degree of Bachelor of Arts, for graduation.

II. The Philosophical Course, with the Degree of Bachelor of Philosophy.

III. The Scientific Course, with the Degree of Bachelor of Science.

I. THE CLASSICAL COURSE

offers the usual amount of study in Ancient and Modern Languages, Comparative Philology, Mathematics, Natural Sciences, English Literature, Rhetoric, Logic, Mental and Moral Philosophy, Political Science, etc., as pursued in the leading American colleges.

TERMS OF ADMISSION.

Candidates for the Freshman Class, in the Classical Course, will be required to pass a satisfactory examination in the following branches :

GREEK.—Grammar, including Prosody, (Goodwin or Hadley); three books of the Anabasis; two books of Homer's Iliad; Prose Composition, as found on the first one hundred and fifty pages of White's Greek Lessons.

LATIN.—Grammar, including Prosody, (Harkness or Allen & Greenough); three books of Cæsar's Commentaries; four of Cicero's Orations; five books of Virgil's Æneid; the first twenty lessons of Jones' Latin Prose Composition.

MATHEMATICS.—Arithmetic, (including the Metric System); Olney's University Algebra to Part III; four books of Geometry.

ENGLISH.—Geography, History of United States, Grammar, Orthography.

II. THE PHILOSOPHICAL COURSE

affords the opportunity for the study of Latin, Mathematics, Natural Science, English Literature, German, French, Mental and Moral Philosophy, Political Science, etc.

TERMS OF ADMISSION.

LATIN.—Grammar, including Prosody, (Harkness or Allen & Greenough); three books of Cæsar's Commentaries; four of Cicero's Orations; five books of Virgil's Æneid; the first twenty lessons of Jones' Latin Prose Composition.

NATURAL SCIENCE.—Physiology, Physical Geography.

MATHEMATICS.—Arithmetic, (including Metric System); Olney's University Algebra to Part III; four books of Geometry; Free Hand Drawing.

ENGLISH.—Orthography, Grammar, Advanced Analysis, General History, History of United States, Science of Government, Geography.

III. THE SCIENTIFIC COURSE

affords an opportunity for the study of Mathematics, German, French, Natural Science, Political Science, Mental and Moral Philosophy, Engineering, English Literature, etc.

TERMS OF ADMISSION.

All candidates for admission to the Freshman Class of the Scientific Course, will be required to pass a satisfactory examination, in the following branches :

NATURAL SCIENCE.—Physiology, Natural Philosophy, Physical Geography.

MATHEMATICS.—Arithmetic, (including Metric System); Olney's University Algebra to Part III; four books of Geometry; Free Hand Drawing.

ENGLISH.—Grammar, Elementary Rhetoric, Reading, Orthography and Derivation, Geography, History of United States, General History, Science of Government.

Equivalents for these requirements will be accepted in all the courses.

REMARKS.

Applicants desiring to enter an advanced class will be examined in the studies of the lower classes, or their equivalents, in the particular Course to be pursued.

Graduates of the Preparatory Department will be admitted to the corresponding Course of the College without further examination.

Applicants are expected to enter those classes for which, in the judgment of the Faculty, they are fully prepared.

Arrangements can be made by the student for private instruction, for the removal of conditions.

Testimonials of good moral character must be presented by all applicants.

Students coming from other institutions of learning, must furnish certificates of honorable dismissal.

COURSES OF STUDY.

FRESHMAN CLASS.

CLASSICAL.

FIRST TERM.

Greek.—Homer's *Odyssey*, Prose Composition.
Latin.—Livy, Prose Composition.
Mathematics.—Geometry.

SECOND TERM.

Greek.—Herodotus, Prose Composition.
Latin.—Livy, Prose Composition.
Mathematics.—Geometry.
Natural Science.—Physiology, Martin.

THIRD TERM.

Greek.—Xenophon's *Memorabilia*, Prose Composition.
Latin.—Horace's *Odes*, Metres, Prose Composition.
Mathematics.—Algebra, Olney.
Natural Science.—Botany, Gray.

PHILOSOPHICAL.

FIRST TERM.

Mathematics.—Geometry.
German.—Grammar, Exercises.
Latin.—Livy, Prose Composition.
English.—Composition.

SECOND TERM.

Mathematics.—Geometry.
German.—Grammar, Exercises, Reader.
Natural Science.—Physiology, Martin.
Latin.—Livy, Prose Composition.

THIRD TERM.

Mathematics.—Algebra.
German.—Jungfrau von Orleans, Schiller; Conversation, Prose Composition.
Natural Science.—Botany, Gray.
Latin.—Horace's *Odes*, Metres, Prose Composition.

SCIENTIFIC.

FIRST TERM.

Natural Science.—Zoology, Orton and Packard
Mathematics.—Geometry.
German.—Grammar, Exercises.
English.—Composition.

SECOND TERM.

Natural Science.—Physiology, Martin.
Mathematics.—Geometry, Descriptive Geometry.
German.—Grammar, Exercises, Reader.
English.—History, Green.

THIRD TERM.

Natural Science.—Botany, Gray.
Mathematics.—Algebra, Descriptive Geometry
German.—Jungfrau von Orleans, Schiller; Conversation, Prose Composition.
English.—History, Green.

SOPHOMORE CLASS.

CLASSICAL.

FIRST TERM.

Greek.—Demosthenes De Corona.
Latin.—Horace's Satires and Epistles, Roman Literature.
Mathematics.—Trigonometry, Olney.
Natural Science.—Chemistry, with Laboratory Practice.

SECOND TERM.

Greek.—Agamemnon of Aeschylus, Greek Literature.
Latin.—Germania et Agricola of Tacitus.
Mathematics.—Trigonometry, Olney.
Natural Science.—Chemistry, with Blow Pipe Analysis.

THIRD TERM.

Greek.—The Antigone, or Oedipus Rex of Sophocles, Greek Literature.
Latin.—Cicero De Oratore.
Mathematics.—Surveying.
English.—American Literature.

PHILOSOPHICAL.

FIRST TERM.

Mathematics.—Trigonometry, Olney.
Natural Science.—Chemistry with Laboratory Practice.
Latin.—Horace's Satires and Epistles, Roman Literature.
German.—Hermann and Dorothea, Goethe; Prose Composition, Conversation.

SECOND TERM.

Mathematics.—Trigonometry, Olney.
Natural Science.—Chemistry, with Blow Pipe Analysis.
German.—Wallenstein, Schiller; Prose Composition, Conversation.
English.—British Literature from Milton.

THIRD TERM.

Mathematics.—Surveying.
Natural Science.—Chemistry with Qualitative Analysis.
German.—Faust, Goethe; Prose Composition, Conversation.
English.—American Literature.

SCIENTIFIC.

FIRST TERM.

Natural Science.—Chemistry with Laboratory Practice.
Mathematics.—Trigonometry, Shades and Shadows, Perspective.
German.—Hermann and Dorothea, Goethe; Prose Composition, Conversation.

SECOND TERM.

Natural Science.—Chemistry, with Blow Pipe Analysis.
Mathematics.—Trigonometry.
German.—Wallenstein, Schiller; Prose Composition, Conversation.
English.—British Literature from Milton.

THIRD TERM.

Natural Science.—Chemistry with Qualitative Analysis.
Mathematics.—Surveying.
German.—Faust, Goethe; Prose Composition, Conversation.
English.—American Literature.

CLASSICAL.

FIRST TERM.

German.—Grammar, Exercises, Reader, Hermann and Dorothea, Goethe.
Natural Science.—Physics, Atkinson's Ganot.
Mathematics.—Analytical Geometry.
Logic.—Deductive and Inductive.

SECOND TERM.

German.—Grammar, Wallenstein, Schiller; Prose Composition.
Natural Science.—Physics, Atkinson's Ganot.
Mathematics.—Calculus.
English.—Shakespeare.

THIRD TERM.

German.—Faust, Goethe; Prose Composition.
Natural Science.—Physics, Atkinson's Ganot.
Literature.—Chaucer—The Prologue, The Knightes Tale, etc., Morris.
English.—Rhetoric.

PHILOSOPHICAL.

FIRST TERM.

Mathematics.—Analytical Geometry
Natural Science.—Physics, Atkinson's Ganot.
French.—Grammar, Exercises, Reader.
Logic.—Deductive and Inductive.

SECOND TERM.

Mathematics.—Calculus.
Natural Science.—Physics, Atkinson's Ganot.
French.—Grammar, Corinne
English.—Shakespeare.

THIRD TERM.

Natural Science.—Physics, Atkinson's Ganot.
French.—Phedre, Racine.
Literature.—Chaucer—The Prologue, The Knightes Tale, etc., Morris.
English.—Rhetoric.

SCIENTIFIC.

FIRST TERM.

Natural Science.—Physics, Atkinson's Ganot.
Mathematics.—Analytical Geometry.
French.—Grammar, Exercises, Reader.
Logic.—Deductive and Inductive.

SECOND TERM.

Natural Science.—Physics, Atkinson's Ganot.
Mathematics.—Calculus.
French.—Grammar, Corinne
English.—Shakespeare.

THIRD TERM.

Natural Science.—Physics, Atkinson's Ganot.
French.—Phedre, Racine.
Literature.—Chaucer—The Prologue, The Knightes Tale, etc., Morris.
English.—Rhetoric.

SENIOR CLASS.

CLASSICAL.

FIRST TERM.

Metaphysics—Intellectual Philosophy.
Mathematics.—Mechanics.
Natural Science.—Geology and Mineralogy.

SECOND TERM.

Metaphysics.—Intellectual Philosophy.
Political and Social Science

Natural Science.—Geology.

THIRD TERM.

Metaphysics.—Moral Philosophy.
Political and Social Science.
Mathematics.—Astronomy.

PREPARATORY DEPARTMENT.

GENERAL INFORMATION.

In connection with the College proper, the Trustees have established a Preparatory School, in which students are fitted for the college classes and for teaching. There are three courses of study, of three years each, corresponding to the courses of the College.

Especial attention is given in this department to the instruction of those who are preparing to teach, and classes are organized every session for this purpose. This Normal work is especially recommended to such as are intending to teach in the Common and High Schools.

Students in High Schools and Academies who intend to take a College Course, are recommended to spend the last preparatory year in this department, on account of the better adjustment of the studies to the regular college work.

If they intend to take either a Classical or Philosophical Course, they should give special attention to Latin, in order to pass from these schools to the Freshman Class in College. To save time, they are advised to omit in their preparatory work all studies not required before admission to College.

All students in this department are required to declaim, and prepare and deliver original literary exercises.

EXAMINATIONS.

Students will be examined and assigned to classes for which they are qualified.

At the end of each term all classes will be examined.

Any student failing to appear at an examination, will not be permitted to re-enter his class until a satisfactory arrangement has been made with the Professor in charge.

FACULTY AND OFFICERS.

REV. ORELLO CONE, D. D.,

SCHOOL OF MUSIC.

This school is divided into :—

1. A Department for Instrumental Music.
2. A Department for Vocal Music.
3. A Department for Theory.
4. A Department for Chorus Classes.

CHORUS CLASSES.

In this department the student will receive all elementary instruction in music—Lines and spaces, notes, clefs, and their use, time, signature, rhythm, the scales, chromatic and diatonic, the interval system, and instruction in Chorus singing.

All students in music will be required to obtain their elementary instruction in these classes unless they pass an examination in the studies there pursued.

The College Chorus assists in all Concerts, Recitals, &c.

VOICE CULTURE.

In this department is included the formation and cultivation of correct tones according to the principles of the best Italian masters.

To give control, flexibility and execution to the voice, students are carefully drilled in vocal techniques and vocalizes by Concone, Panofka, Rondinella, Marchesi, Bordogin, Lamperti, &c. For the development of a pure style of singing, Phrasing and Expression are taught by means of the best English, German, Italian and French songs, and also Operatic Arias and Solos from the Oratorios.

PIANO.

PREPARATORY.

The first half term will be devoted to still hand exercises, slow trills, easy scales and arpeggios in similar and opposite movements. Special attention is paid to the position of the hands and to the development of power and independence in the fingers. When satisfactory progress has been made, the student will pass to studies by Lebert and Stark, Mees, Loeschhorn, Plaids, Heller, Köhler, Duvernoy, Czerny and Bach; sonatines and sonatas by Clementi, Kuhlau and Beethoven; little pieces by Lichner, Schuman, &c.

ACADEMIC COURSE.

Practice of five finger exercises, scales and arpeggios in all different keys and positions; transposition of studies to different keys; Czerny's Fifty Daily Studies, Czerny's School of Velocity Clementi and Köhler's Scale Studies, Heller, Loeschhorn and Cramer (Von Bulow); Haydn, Mozart and Beethoven sonatas, Haydn Impromptus, pieces by Mendelssohn, Weber, Moschelles, Chopin, &c.

There will be an examination for admission to this department. The time required to complete this course cannot be stated. This will depend on the knowledge and capacity of the pupil.

ORGAN.

Elementary instruction, Whiting's First Six Months, First Studies, Chorals, Preludes, &c. Rink's Third and Fourth books, Bach's Preludes, pieces for church.

HARMONY.

The system of Harmony is substantially the same as that taught at the New England Conservatory. Text books used are Emory's Elements of Harmony and Richter's Manuel (J. C. D. Parker).

A Certificate will be given to students completing the course.

STUDENTS.

COLLEGIATE DEPARTMENT.

SENIOR CLASS.

Kuleman, Agnes.	c.	Akron.

SAMUEL GRANDIN.....	Tidioute, Pa.
N. B. AND A. E. JOHNSON.....	Mingo, Ohio.

These Scholarships are intended to aid worthy and deserving
students.

*Deceased.

†In memory of her deceased husband, William Robson.

GENERAL INFORMATION.

BUCHTEL COLLEGE was founded by the Ohio Universalist Convention in 1870, and took its name from its most generous benefactor, Hon. J. R. Buchtel, who has consecrated his life and wealth to its support. It was chartered by the Ohio Legislature in the same year as a College of Liberal Arts and Letters, and is designed to secure the highest grade of Classical, Scientific and Literary culture known to American Colleges.

LOCATION.

Buchtel College is located in Akron, Summit County, Ohio. This city, with a population of about 20,000, is situated in the midst of hills and valleys, and is one of the most picturesque in the country. From the first, Akron has evinced its interest in the College by bestowing a generous patronage. It is a healthy city, and easy of access, being located on the line of the New York, Pennsylvania & Ohio; Cleveland, Akron & Columbus, and Valley Railways, and having direct connection with all parts of the country.

COLLEGIATE DEPARTMENT.

The curriculum embraces:

FIRST: A Classical Course.

SECOND: A Scientific Course.

THIRD. A Philosophical Course.

These are four years' courses and are equal to those adopted by the best institutions of the country.

PREPARATORY DEPARTMENT.

In connection with the College proper, the Trustees have established a Preparatory School, in which students are thoroughly fitted for the college classes.

NORMAL WORK.

Students designing to teach will receive special attention in the THEORY AND PRACTICE OF TEACHING, from thorough and experienced teachers.

MUSIC.

Superior advantages are afforded for the study of Music, both instrumental and vocal. Special attention is given to VOICE BUILDING.

LABORATORY AND APPARATUS.

The College is provided with excellent Mathematical Instruments and Philosophical and Chemical Apparatus of the most approved kind. It has a Laboratory open to students, well furnished with appliances for making chemical experiments and analyses.

CABINET OF NATURAL HISTORY.

The collection of minerals and specimens illustrating geological formations and fossils, is very full. All orders of living animals are represented by prepared specimens. All collections are intended for use in comparative study, and not for exhibition.

LECTURES.

The instruction of the College aims to combine the advantages of the lecture and recitation systems. Lectures are delivered to the

FRESHMAN CLASS—On Health and Habits of Study.

SOPHOMORE CLASS—On English and Classical Literature.

JUNIOR CLASS—On Physical Science.

SENIOR CLASS—On Natural and Revealed Religion.

NORMAL CLASS—On Education and Methods of Teaching.

Lectures on Physiology and Health will be delivered from time to time by prominent physicians of the city.

Additional Lectures are delivered before the College students, on topics of general interest, by persons invited from abroad.

During the past year the following lectures have been delivered:

Arthur A. Stearns, A. B., Class of '79: "The Roman Empire."

Edwin F. Voris, A. M., Class of '75: "The law of husband and wife."

Prof. George A. Peckham, A. M., Class of '75: "Demosthenes."

Charles J. Robinson, M. S., Class of '75: "William of Orange."

President Orello Cone, D. D.: "Longfellow."

CO-EDUCATION.

The College is open to students of both sexes, who are admitted to equal educational privileges and honors.

The results achieved in Buchtel College testify to the ability of young ladies to compete successfully with young gentlemen for the honors of thorough scholarship.

RELIGION.

While the College is under the auspices of a religious denomination, no restriction is imposed upon the exercise of religious opinions.

Students are required to attend whatever church their parents or guardians may elect. Nearly all denominations, both Protestant and Catholic are represented in Akron by flourishing churches. While the College recognizes and honors religion, it is, in its general economy, in no sense sectarian.

Religious opinions are respected but not taught.

All students are required to attend morning prayers and the reading of the Scriptures in the chapel.

LITERARY WORK.

COLLEGE RHETORICALS.—The students are organized into classes for exercises in orations, essays and debate. These classes are under the direction of the Professor of Rhetoric and English Literature. Each student is required to prepare and deliver original performances at stated times, during the college year. During the Commencement week public exhibitions will be given by the members of the Senior Class of the Preparatory Department.

LITERARY SOCIETIES.—There are three literary societies in the College under the direction and control of the students—the Bryant and Everett for the young men, and the Cary for the young ladies.

Each society is provided with an elegant and commodious hall in the College, and meetings are held by each every week, on Friday evening.

RECORD OF STUDENTS.

Examinations are held for admission, on the completion of a study and for advancement.

No student, who has absented himself from an examination, will be permitted to continue in his class without making satisfactory arrangements with the Professor in charge.

A record of each student's standing in recitation and examinations and of all absences and irregularities is kept, which may be examined by committees, trustees, parents and friends of the College.

Monthly reports of the grade of all students not making over 70, are sent to parents and guardians.

DEGREES

The Degree of Bachelor of Arts will be conferred on students who have completed the Classical Course.

The Degree of Bachelor of Philosophy will be conferred on those who have completed the Philosophical Course.

The Degree of Bachelor of Science will be conferred on those who have completed the Scientific Course.

Bachelors of Arts, Bachelors of Philosophy and Bachelors of Science, Graduates of this College, who shall show special proficiency in literary and scientific studies, and present a satisfactory thesis or oration to the Faculty, will be, at a date not earlier than three years after graduation, recommended for the Master's Degree in their respective courses.

Candidates for the Master's Degree must present to the President a formal application, together with an oration or thesis, and a fee of five dollars, at least one month before the Annual Commencement.

BOARDING ACCOMMODATIONS.

The College building affords ample accommodations for boarding one hundred and fifty students. There are eighty rooms in the building that can be used for students' purposes. The rooms are heated by steam and lighted by gas. The East Hall, above the first floor, is devoted exclusively to the young gentlemen, while the West Hall is occupied exclusively by young ladies. The Dining Hall will accommodate two hundred students.

It is desired that young ladies especially, shall board and room in the college building. They are more "at home" in the building, and besides they are more thoroughly protected from inclement days in winter and spring.

GENERAL EXPENSES.

Tuition Fall Term, College.....	\$15.00
“ “ Preparatory and Normal.....	9.00
“ Winter and Spring Terms, College.....	12.50
“ “ “ “ Preparatory and Normal	7.50
Music, Instrumental, 20 lessons.....	15.00
“ Vocal, “	18.00
Use of Piano per term, one hour per day.....	2.00
Washing, per dozen, as per schedule.....	.60
Room Rent per week, in building, each student.....	.25 to .75
depending on location and size of room.	
Heat and Light, per week, each person .30, per room.....	.60
Board per week in the building.....	3.00

REMARKS.

Each room is furnished with bedstead, mattresses, pillows, chairs, table, stand, bureau, mirror, commode and towel rack.

All articles of clothing should be marked with the full name.

The College authorities reserve the privilege of locating two students in each room.

Board may be secured in private families for \$3.00 per week and upward. By boarding in clubs the entire expense of board, room, fuel and light may be brought within \$2.50 per week. One club has been successfully conducted for a number of terms at a cost not to exceed \$1.50 per week. Three clubs are in successful operation, and others will be organized whenever there is a sufficient demand for them. Living in this manner is not at all unpopular. Many of the best students in College choose this mode of living.

Rooms in the College are heated by steam and lighted by gas. They are commodious, well ventilated and pleasant. Good board is furnished, sociables are held every evening after tea, good manners are cultivated, and every effort is put forth to make the College a HOME for the student.

Tuition and room rent for the term must be paid in advance. No tuition or room rent will be refunded except for absence on account of protracted sickness.

For information in regard to expenses and location, address

A. B. TINKER, Secretary.

For further information in relation to study, address

DR. O. CONE, President.

COLLEGIATE DEPARTMENT.

SECRETARY.

COLLEGIATE COURSES.

THREE COURSES OF STUDY.

To afford an extensive field for the choice of studies, three regular courses, each of four years, are provided, with three years of preparatory work. These are:

I. The Classical Course, with the Degree of Bachelor of Arts, for graduation.

II. The Philosophical Course, with the Degree of Bachelor of Philosophy.

III. The Scientific Course, with the Degree of Bachelor of Science.

I. THE CLASSICAL COURSE

offers the usual amount of study in Ancient and Modern Languages, Comparative Philology, Mathematics, Natural Sciences, English Literature, Rhetoric, Logic, Mental and Moral Philosophy, Political Science, etc., as pursued in the leading American colleges.

TERMS OF ADMISSION.

Candidates for the Freshman Class, in the Classical Course, will be required to pass a satisfactory examination in the following branches:

GREEK—Grammar, including Prosody, (Goodwin or Hadley); three books of the Anabasis; two books of Homer's Iliad; Prose Composition, as found on the first one hundred and fifty-nine pages of White's Greek Lessons.

LATIN—Grammar, including Prosody, (Harkness or Allen & Greenough); three books of Caesar's Commentaries; six of Cicero's Orations; five books of Virgil's *Æneid*; the first twenty lessons of Jones' Latin Prose Composition.

MATHEMATICS—Arithmetic, (including the Metric System); Algebra through Quadratic Equations; Plane Geometry.

ENGLISH—Geography, History of United States, Grammar, Orthography.

II. THE PHILOSOPHICAL COURSE

affords an opportunity for the study of Latin, Mathematics, Natural Science, English Literature, German, French, Mental and Moral Philosophy, Political Science, etc.

TERMS OF ADMISSION.

LATIN—Grammar, including Prosody, (Harkness or Allen & Greenough); three books of Caesar's Commentaries; six of Cicero's Orations; five books of Virgil's *Æneid*; the first twenty lessons of Jones' Latin Prose Composition.

NATURAL SCIENCE—Physiology, Physical Geography.

MATHEMATICS—Arithmetic, (including Metric System); Algebra through Quadratic Equations; Plane Geometry; Free Hand Drawing.

ENGLISH—Orthography, Grammar, Advanced Analysis, General History, History of United States, Science of Government, Geography.

III. THE SCIENTIFIC COURSE

affords an opportunity for the study of Mathematics, German, French, Natural Science, Political Science, Mental and Moral Philosophy, Engineering, English Literature, etc.

TERMS OF ADMISSION.

All candidates for admission to the Freshman Class of the Scientific Course, will be required to pass a satisfactory examination, in the following branches:

NATURAL SCIENCE — Physiology, Natural Philosophy, Physical Geography.

MATHEMATICS—Arithmetic, (including Metric System); Algebra through Quadratic Equations; Plane Geometry; Free Hand Drawing.

ENGLISH—Grammar, Elementary Rhetoric, Reading, Orthography and Derivation, Geography, History of United States, General History, Science of Government.

Equivalents for these requirements will be accepted in all the courses.

REMARKS.

Applicants desiring to enter an advanced class will be examined in the studies of the lower classes, or their equivalents in the particular Course to be pursued.

Students having completed the studies of the Preparatory Department will be admitted to the corresponding Course of the College without further examination.

Applicants are expected to enter those classes for which, in the judgment of the Faculty, they are fully prepared.

Arrangements can be made by the student for private instruction, for the removal of conditions.

Testimonials of good moral character must be presented by all applicants.

Students coming from other institutions of learning, must furnish certificates of honorable dismissal.

FRESHMAN CLASS.

CLASSICAL.

FIRST TERM.

Greek—Homer's *Odyssey*; Prose Composition.
Latin—Livy; Prose Composition.
Mathematics—Geometry.
English—Composition.

SECOND TERM.

Greek—Herodotus; Prose Composition.
Latin—Livy; Prose Composition.
Mathematics—Geometry.
Natural Science—Physiology, Martin.

THIRD TERM.

Greek—Xenophon's *Memorabilia*; Prose Composition.
Latin—Horace's Odes, Metres; Prose Composition.
Mathematics—Algebra.
Natural Science—Botany, Gray.

PHILOSOPHICAL.

FIRST TERM.

Mathematics—Geometry.
German—Grammar, Exercises.
Latin—Livy; Prose Composition.
English—Composition.

SECOND TERM.

Mathematics—Geometry.
German—Grammar, Exercises; Reader.
Natural Science—Physiology, Martin.
Latin—Livy; Prose Composition.

THIRD TERM.

Mathematics—Algebra.
German—Jungfrau von Orleans, Schiller; Conversation; Prose Composition.
Natural Science—Botany, Gray.
Latin—Horace's Odes, Metres; Prose Composition.

SCIENTIFIC.

FIRST TERM.

Natural Science—Zoology, Orton and Packard
Mathematics—Geometry.
German—Grammar, Exercises.
English—Composition; History, Green.

SECOND TERM.

Natural Science—Physiology, Martin.
Mathematics—Geometry; Descriptive Geometry.
German—Grammar, Exercises; Reader.
English—History, Green.

THIRD TERM.

Natural Science—Botany, Gray.
Mathematics—Algebra; Descriptive Geometry.
German—Jungfrau von Orleans, Schiller; Conversation; Prose Composition.
English—History, Green.

SOPHMORE CLASS.

CLASSICAL.

FIRST TERM.

Greek—Demosthenes De Corona.
Latin—Horace's Satires and Epistles; Roman Literature.
Mathematics—Trigonometry, Olney.
Natural Science—Chemistry with Laboratory Practice.

SECOND TERM.

Greek—Agamemnon of Aeschylus; Greek Literature.
Latin—Germania et Agricola of Tacitus.
Mathematics—Trigonometry, Olney.
Natural Science—Chemistry with Blow Pipe Analysis.

THIRD TERM.

Greek—The Antigone, or Oedipus Rex of Sophocles; Greek Literature.
Latin—Cicero De Oratore.
Mathematics—Surveying.
English—American Literature.

PHILOSOPHICAL.

FIRST TERM.

Mathematics—Trigonometry, Olney.
Natural Science—Chemistry with Laboratory Practice.
Latin—Horace's Satires and Epistles; Roman Literature.
German—Hermann and Dorothea, Goethe; Prose Composition; Conversation.

SECOND TERM.

Mathematics—Trigonometry, Olney.
Natural Science—Chemistry with Blow Pipe Analysis.
German—Wallenstein, Schiller; Prose Composition; Conversation.
English—British Literature from Milton.

THIRD TERM.

Mathematics—Surveying.
Natural Science—Chemistry with Qualitative Analysis.
German—Faust, Goethe; Prose Composition; Conversation.
English—American Literature.

SCIENTIFIC.

FIRST TERM.

Natural Science—Chemistry with Laboratory Practice.
Mathematics—Trigonometry; Shades and Shadows, Perspective.
German—Hermann and Dorothea, Goethe; Prose Composition; Conversation.

SECOND TERM.

Natural Science—Chemistry with Blow Pipe Analysis.
Mathematics—Trigonometry.
German—Wallenstein, Schiller; Prose Composition; Conversation.
English—British Literature from Milton.

THIRD TERM.

Natural Science—Chemistry with Qualitative Analysis.
Mathematics—Surveying.
German—Faust, Goethe; Prose Composition; Conversation.
English—American Literature.

JUNIOR CLASS.

CLASSICAL.

FIRST TERM.

German—Grammar, Exercises; Reader; Hermann and Dorothea, Goethe.
Natural Science—Physics, Atkinson's Ganot.
Mathematics—Analytical Geometry.
Logic—Deductive and Inductive.

SECOND TERM.

German—Grammar; Wallenstein, Schiller; Prose Composition.
Natural Science—Physics, Atkinson's Ganot.
Mathematics—Calculus.
English—Shakespeare.

THIRD TERM.

German—Faust, Goethe; Prose Composition.
Natural Science—Physics, Atkinson's Ganot.
Literature—Chaucer—The Prologue, The Knightes Tale, etc., Morris.
English—Rhetoric.

PHILOSOPHICAL.

FIRST TERM.

Mathematics—Analytical Geometry.
Natural Science—Physics, Atkinson's Ganot.
French—Grammar, Exercises; Reader.
Logic—Deductive and Inductive.

SECOND TERM.

Mathematics—Calculus.
Natural Science—Physics, Atkinson's Ganot.
French—Grammar; Corinne.
English—Shakespeare.

THIRD TERM.

Natural Science—Physics, Atkinson's Ganot.
French—Phedre, Racine.
Literature—Chaucer—The Prologue, The Knightes Tale, etc., Morris.
English—Rhetoric.

SCIENTIFIC.

FIRST TERM.

Natural Science—Physics, Atkinson's Ganot.
Mathematics—Analytical Geometry.
French—Grammar, Exercises; Reader.
Logic—Deductive and Inductive.

SECOND TERM.

Natural Science—Physics, Atkinson's Ganot.
Mathematics—Calculus.
French—Grammar; Corinne.
English—Shakespeare.

THIRD TERM.

Natural Science—Physics, Atkinson's Ganot.
French—Phedre, Racine.
Literature—Chaucer—The Prologue, The Knightes Tale, etc., Morris.
Mathematics—Civil Engineering.

SENIOR CLASS.

CLASSICAL.

FIRST TERM.

Metaphysics—Intellectual Philosophy.
Mathematics—Mechanics.
Natural Science—Geology and Mineralogy.
English—English Criticism.

SECOND TERM.

Metaphysics—Intellectual Philosophy.
Political Science—Political Economy.
Mathematics—Astronomy.
Natural Science—Geology.

THIRD TERM.

Metaphysics—Moral Philosophy.
Social Science—Study of Sociology.
Mathematics—Astronomy.

PHILOSOPHICAL.

FIRST TERM.

Metaphysics—Intellectual Philosophy.
Mathematics—Mechanics.
Natural Science—Geology and Mineralogy.
English—English Criticism.

SECOND TERM.

Metaphysics—Intellectual Philosophy.
Political Science—Political Economy.

SECOND TERM.

Metaphysics—Intellectual Philosophy.
Political Science—Political Economy.
Mathematics—Astronomy.
Natural Science—Geology.

THIRD TERM.

Metaphysics—Moral Philosophy.
Social Science—Study of Sociology.
Mathematics—Astronomy.

PREPARATORY DEPARTMENT.

GENERAL INFORMATION.

In connection with the College proper, the Trustees have established a Preparatory School, in which students are fitted for the college classes and for teaching. There are three courses of study, of three years each, corresponding to the courses of the college.

Especial attention is given in this department to the instruction of those who are preparing to teach, and classes are organized every session for this purpose. This Normal work is especially recommended to such as intend to teach in the Common and High schools.

Students in High Schools and Academies who intend to take a College Course, are recommended to spend the last preparatory year in this department, on account of the better adjustment of the studies to the regular college work. If they intend to take either a Classical or Philosophical Course, they should give special attention to Latin, in order to pass from these schools to the Freshman Class in College. To save time, they are advised to omit in their preparatory work all studies not required for admission to College.

All students in this department are required to declaim, and to prepare and deliver original literary exercises.

EXAMINATIONS.

Students will be examined and assigned to classes for which they are qualified.

At the end of each term all classes will be examined.

Any student failing to appear at an examination, will not be permitted to re-enter his class until a satisfactory arrangement has been made with the Professor in charge.

FACULTY AND OFFICERS.

REV. ORELLO CONE, D. D.,
PRESIDENT.

JENNIE GIFFORD, A. M.,
PRINCIPAL.

Professor of Science and Normal Studies.

WILLIAM D. SHIPMAN, A. M.,
Professor of Ancient Languages.

SUSIE E. CHAMBERLAIN, M. S.,
Professor of Elocution and English.

JAMES H. AYDELOTT, B. S.,
Professor of Mathematics.

HELEN S. PRATT, L. A.,
Professor of English and Latin.

FRANK O. PAYNE,
Tutor.

PAUL R. MILLER, A. B.,
Tutor.

JAMES H. AYDELOTT, B. S.,
Secretary.

PREPARATORY COURSES.

JUNIOR CLASS.

CLASSICAL.

FIRST TERM.

Latin—Grammar and Lessons.
Mathematics—Arithmetic.
English—Grammar.

SECOND TERM.

Latin—Grammar and Lessons.

Mathematics—Geometry.

English—General History.

DEPARTMENT OF MUSIC.

In this department classes are formed in:

1. Instrumental Music.
2. Vocal Music.
3. Theory.
4. Chorus Singing.

CHORUS CLASSES.

In this department the student will receive all elementary instruction in Music—Lines and spaces, notes, clefs, and their use, time, signature, rhythm, the scales, chromatic and diatonic, the interval system, and instruction in Chorus singing.

All students in music will be required to obtain their elementary instruction in these classes unless they pass an examination in the studies there pursued.

The College Chorus assists in all Concerts, Recitals, etc.

VOICE CULTURE.

In this department is included the formation and cultivation of correct tones according to the principles of the best Italian masters.

To give control, flexibility and execution to the voice, students are carefully drilled in vocal techniques and vocalizes by Concone, Panofka, Rondinella, Marchesi, Bordogin, Lamperti, etc. For the development of a pure style of singing, Phrasing and Expression are taught by means of the best English, German, Italian and French songs, and also Operatic Arias and Solos from the Oratorios.

PIANO.

PREPARATORY.

The first half term will be devoted to still hand exercises, slow trills, easy scales and arpeggios in similar and opposite movements. Special attention is paid to the position of the hands and to the development of power and independence in the fingers. When satisfactory progress has been made, the student will pass to studies by Lebert and Stark, Mees, Loeschhorn, Plaidy, Heller, K  hler, Duvernoy, Czerny and Bach; sonatines and sonatas by Clementi, Kuhlau and Beethoven; little pieces by Lichner, Schumann, etc.

ACADEMIC COURSE.

Practice of five finger exercises, scales and arpeggios in all different keys and positions; transposition of studies to different keys; Czerny's Fifty Daily Studies, Czerny's School of Velocity, Clementi and K  hler's Scale Studies, Heller, Loeschhorn and Cramer (Von Bulow); Haydn, Mozart and Beethoven sonatas, Haydn Impromptus, pieces by Mendelssohn, Weber, Moschelles, Chor, etc.

There will be an examination for admission to this department. The time required to complete this course cannot be stated. This will depend on the knowledge and capacity of the pupil.

ORGAN.

Elementary instruction, Whiting's First Six Months, First Studies, Chorals, Preludes, etc. Rink's Third and Fourth books, Bach's Preludes, pieces for church.

HARMONY.

The system of Harmony is substantially the same as that taught at the New England Conservatory. Text books used are Emory's Elements of Harmony and Richter's Manual (J. C. D. Parker).

A Certificate will be given to students completing the course.

STUDENTS.

COLLEGIATE DEPARTMENT.

POST GRADUATES.

Kittie McEbright, A. B., Cornell University, '78; A. B., Buchtel College, '79, - - - - - Akron.

Paul Raymond Miller, A. B., Buchtel College, '81, Akron.

DECENNIAL.

The Tenth Anniversary of the Foundation of Buchtel College will be celebrated at the Annual Commencement this year, when the history of the College and its condition and prospects will naturally be the themes of discourse and of congratulation. Without anticipating that occasion we will signalize some of the important events that have distinguished this decennial year.

Since the publication of our last Catalogue, the debt under which the College had long been laboring has been raised, and, this burden being removed, the College is free to enlarge its facilities according as the demands of its work require and its means will allow.

During the current year the College has become a member of the College Association of the State of Ohio. This recognition of the high standard of its Courses of Study and of the excellence of its instruction and discipline, constitutes, we think, a demand upon all its friends to increase their exertions in its behalf, that it may more than maintain the rank which it has attained.

The munificent gift of Mr. Buchtel at the last Commencement by which he transferred to the College property valued at some \$70,000 merits the grateful appreciation and applause with which it has been received by the friends of the College throughout the State.

While all these things are presented as reasons for congratulations, we would not have them serve as the occasion of an abatement of zeal and relaxation of effort on the part of the friends of the College. Let no one suppose that a few thousand dollars, and a considerable part of that not immediately available, will adequately

endow a college. Nor let any one be content to see our College inferior to the best in buildings, apparatus and all appliances of the higher education. There is required not less than half a million dollars of endowment, besides two hundred thousand dollars in buildings and apparatus to endow and equip a college adapted to the requirements of the times.

Buchtel College on the threshold of its second decennial not only offers occasion for congratulations, but sends forth an appeal for sympathy and support to all the friends of a truly liberal culture within its fields.
