## REQUISITES FOR ADMISSION.

Candidates for admission to the Freshman Class of the Classical Course, must sustain a satisfactory examination in the following studies:

### GREEK.

Three books of Xenophon's Anabasis; three books of Homer's Iliad; Greek Grammar and Prosody.

### LATIN.

Three books of Cæsar's Commentaries; six books of Virgil's Æneid; five Orations of Cicero; Latin Grammar and Prosody; Harkness' Prose Composition, Parts I and II.

Equivalents in Latin and Greek will be accepted.

### MATHEMATICS.

Arithmetic; Algebra, to Equations of the Second Degree. After the year 1878-9, Olney's University Algebra to Part III, or an equivalent, will be required.

### ENGLISH.

English Grammar; Outlines of General History; Modern and Ancient Geography.

Candidates for admission to the Freshman Class, are offered, as a matter of convenience to them, a partial examination one year previous to matriculation. At this examination the candidates must be prepared in the whole of the following subjects:

*English.*—Geography; Grammar; Outlines of General History.

*Greek.*—Xenophon's Anabasis, one book; Grammar, except Prosody.

*Latin.*—Cæsar, three books; Cicero, five Orations; Grammar, except Prosody.

*Mathematics.*—Arithmetic; Algebra, Olney's Elementary, or an equivalent.

In this examination, no conditions will be imposed, but a failure in any study will subject the student to a re-examination in the department to which the study belongs.

Examination on the remaining requisitions, as prescribed above, will take place the following year.

If candidates prefer, they can be examined, as heretofore, in all the studies at once.

Candidates for admission to the Freshman Class of the Scientific or Literary Course, will be examined in the following studies: English Grammar; Geography; Physical Geography; Arithmetic; Book-Keeping; Algebra, to Quadratics; Latin Grammar and Reader, and half of the first book of Cæsar.

Candidates for advanced standing will be examined in the above studies, and in those that have been pursued by the class which they purpose to enter; and, if from other colleges, they must furnish certificates of regular dismissal.

Students failing to maintain proper rank in any branch during the course, will be subjected to conditions which must be made up before they can be entitled to a degree.

Students will not be permitted to enter the Junior or Senior Class, until all conditions upon previous work are removed.

Examinations for admission will be on Thursday after Commencement, and on Tuesday before the opening of the First Term of the year. The examinations commence at 9 o'clock A. M.

The studies pursued in the Normal Course, are those prescribed by the laws of the State, which are required, or permitted to be taught in the Public Schools. Students in this Department may also elect, each session, with college classes, any one study which they are found qualified to pursue.

# BUCHTEL COLLEGE.

---

## NAME AND ORIGIN.

This Institution was named Buchtel College in honor of its founder, Hon. John R. Buchtel, who has consecrated his life and wealth to its support and welfare.

The corner-stone was laid July 4th, 1871. The College was opened for the reception of students on Wednesday, September 11th, 1872.

## LOCATION.

Its location is desirable and fortunate. The city of Akron is beautifully situated in the midst of hills and valleys, having direct communication by railroad and telegraph with the principal cities and towns of the state and country. It is highly favored with an agreeable and healthful climate.

Its citizens are intelligent and enterprising, hospitable, and deeply interested in the educational and moral culture of the young. They have already proved by their active interest and generosity that they will do their utmost to sustain and foster Buchtel College.

## BUILDING AND GROUNDS.

The College Building is two hundred and forty feet long, fifty-four feet wide, and five stories high. Its style of architecture combines the Doric, Gothic, and Norman. It is a grand structure, of symmetrical and harmonious proportions. Its lecture, reading, and students' rooms, its dining hall, cabinet, library, and laboratory, are light, airy, and ample, furnished with the modern and most improved conveniences.

The building is warmed by steam, lighted by gas, and supplied with good water.

The site of the College is high, affording one of the most extensive and delightful prospects in Ohio.

The grounds are spacious, being ornamented with walks, trees, and drives.

## ITS PURPOSE.

It is the purpose of the Trustees and friends to make it a *First-Class College*, offering to students of both sexes equal opportunities for a *thorough* and *liberal* education.

They welcome the fact as auspicious, that the leading colleges in our land are endeavoring to raise the standard of liberal learning. It is the aim of Buchtel College to be faithful in this noble work of promoting sound scholarship and refined culture—to become, indeed, an Institution of Art and Letters, where the highest type of mental instruction and moral training will be imparted.

With this purpose in view, the curriculum of studies adopted, embraces:

*First:* A complete Classical Course of four years, equal to that of the best Institutions in the country.

*Second:* A Scientific Course of four years.

*Third:* A Literary Course of three years.

*Fourth:* A Preparatory and Normal Course, to fit students for college, and for teaching, affording them useful Academic instruction.

## ELECTIVE STUDIES.

Students not desiring to pursue any of the regular courses specified, may select such studies as they are deemed qualified to pursue, from those being pursued by the regular classes, and on leaving college will receive Certificates of rank and advancement made.

## BIERCE LIBRARY.

By the liberal donation of the late General L. V. Bierce, of Akron, and other friends of the College, an elegant and spacious room has been fitted up for a Library. It has already been furnished with many volumes of valuable books. It has space for still more.

## READING ROOMS.

There are two Reading Rooms, one for the gentlemen, and the other for the ladies, well supplied with newspapers and magazines.

---

## APPARATUS AND CABINET.

The College owns a good Philosophical and Chemical Apparatus, of the latest and most approved kind. It has a Laboratory, open to students, well furnished with apparatus for making chemical experiments and analyses. A valuable Cabinet of Minerals is also being furnished the College.

---

## NATURAL HISTORY ROOM.

This is an attractive room. The specimens are unique, and many of them rare. These are accurately classified and tastefully arranged, exhibiting the useful and beautiful.

---

## BOARDING ACCOMMODATIONS.

The College affords ample and suitable conveniences for boarding one hundred and fifty students. It is desired that students, as far as possible, room and board in the College building. Teachers and students sit at the same table. Special care is exercised over the health, habits and manners of students. Their highest good and constant growth in virtue and wisdom, are sought with earnest solicitude.

---

## RELIGIOUS OBSERVANCE.

All students are required to attend morning prayer and reading of the Scriptures in the Chapel.

All students are required to attend regularly some place of religious worship on the Sabbath. Students can select their own church for Sabbath worship.

The College is religious, but in no sense *sectarian*. It aims to stand firmly on the basis of sound morality and Christian principle.

RECORD OF MERIT.

A record is kept of each student's standing in recitation and deportment, and of all absences and irregularities. An average of each term is made at its close, which may be examined by committees, trustees, parents, and friends of the College.
