2021 - 2022	17	IP	IP	IP
2022 - 2023	16	IP	IP	IP

FT=Full-time

IP=In Process: Students from the cohort listed have yet to graduate from the cohort year listed.

Programs are only required to provide data on the past 8 years/cohort or since the program was initially accredited, whichever is shorter.

\* Graduation Rate is the program's Advertised Length of Completion which is how long the program is designed to complete as written.

\*\* Job Placement Rate is the percentage of graduates from the cohort year that are employed utilizing skills learned in the COAMFTE accredited program.

\*\*\* Licensure rate is the percentage of graduates from the cohort year that have achieved ANY level of MFT licensure.

For Master's programs only, COAMFTE has established a benchmark of 70% licensure rate for each cohort.

\*\*\*\* During this cohort, students were eligible for the LPC license in addition to the MFT license. Many chose the LPC license due to cost and availability of supervisors. The fall 2018 cohort was the last cohort eligible for both licenses. At this point, the program shifted to a COAMFTE accreditation only (withdrawing from the CACREP accreditation).
